PERSONAL PROFILE

I'm Sanjay, a Certified Adobe Commerce professional with over 12+ years of experience, passionate about the quality of code and service.

I provide Magento eCommerce development, Customization, and other Magento services to online store owners.

WORK EXPERIENCE

2021 - Present

Self Employed

self-employed Magento 2 developer

- Over 10 years of self-employment, specializing in Magento e-commerce platform development.
- Expert in full-site development, custom extensions, updates, and system integrations.
- Skilled in enhancing website performance, ensuring fast, responsive, and efficient e-commerce sites.

2020 - 2021

CoderKube Technologies

Magento Team Leader

- Provided technical leadership in Magento 2, guiding the team through complex customizations, integrations, and performance optimizations.

SKILLS

- Migrate from Magento 1 to Magento 2
- Magento Version Upgrade
- Magento Theme Development (Version 1.9.X and 2.x)
- Custom Module/Extension Development
- Magento Product/Store Management
- Magento Security Patch Installation
- 3rd party module integration
- Magento development for unresolved issues
- Magento Optimization and SEO-friendly website.
- Multi-Store and Multi Website Implementation
- Magento Bug and Errors fixes
- Develop extension for Magento Marketplace
- Performance optimization

- Expertise in Product Listing, Pricing, Description, and Inventory Management.
- Knowledge of server technologies (Apache, Nginx, PHP, MySQL)
- Version control systems (Git)
- Code review and quality assurance
- Understanding of e-commerce business processes

2016 - 2020

Cirkle Studio Pvt. Ltd

Senior Magento 1 & Magento 2 Developer

- As a Senior Magento Developer, I lead projects to build and improve online stores using Magento 1 and Magento 2. I focus on upgrading sites from Magento 1 to Magento 2, connecting other systems to our stores, and making sure our sites run fast and safe. I also guide and help our team members learn and work together effectively to create better online shopping experiences.

2015 - 2016

Identixweb Limited

Senior Magento 1 & Magento 2 Developer

- My responsibilities include streamlining site migrations, integrating diverse systems to extend site functionality, and optimizing site performance for optimal user experience. I actively contribute to team development by sharing knowledge and encouraging best practices in Magento development to deliver top-tier e-commerce solutions.

2013 - 2015

Sankhala Infotech LLP

Junior Magento Developer

- As a Junior Magento Developer, I support the development of Magento-based e-commerce solutions, focusing on custom module creation, theme adjustments, and maintaining site functionality. I assist in upgrading and troubleshooting to enhance site performance and user experience. Collaborating closely with senior developers, I gain valuable insights into Magento's best practices while contributing to the team's overall success.

Thank you for considering my application. I am excited about the possibility of contributing to your team and am available for further discussion at your earliest convenience.
